

# PROJECT SCHEDULE UPDATE

## CAMARILLO AIRPORT

### RUNWAY 8-26 AND TAXIWAY A PAVEMENT IMPROVEMENT PROJECT

AUGUST 30, 2024

The Runway 8-26 and Taxiway A Pavement Improvement Project will begin on August 26, 2024 with the first anticipated closure on **August 27, 2024** and an estimated project completion date of **October 25, 2024**.

To minimize disruptions, the majority of the work will be conducted at night and reopen each morning for daily operations. The project will be phased to occur during the hours of 9:00pm to 7:00am LOCAL time each night, with sections of Taxiway A remaining closed in phases during the day to facilitate construction activities. Please refer to the table below and the County website for more information about the planned closures for Runway 8-26, Taxiway A, Taxiway E, Taxiway F, Taxiway G1, and the Northeast Taxiway.

In order to extend the life of Runway 8-26 and improve the ride quality, the repair will consist of milling and placing new asphalt and markings approximately 8 ft. wide along the centerline for the entire length of the runway. The Taxiway A repair areas will completely reconstruct the entire pavement section depth that has been urgently needed and has caused multiple unscheduled closures. This reconstruction will require Taxiway A to remain closed for the majority of the project. We will also replace markings along Taxiway E, Taxiway F, Taxiway G1, and add new markings to the Northeast Taxiway.

PHASE	WORK AREA	CLOSURE AREAS**	ESTIMATED DATE OF CLOSURE	ESTIMATED DURATION OF CLOSURE**
1	Taxiway A outside RSA	Taxiway F at Taxiway A (Night) and Taxiway A outside RSA (Day/Night)	August 27, 2024	13 Calendar Days
